

Home Care Packages

You may need more support in daily activities as you get older, but that doesn't mean you need to move out of your own home.

Home Care Packages are a form of care support provided through My Aged Care that can help you live in your own home for as long as possible.

Who is eligible for Home Care Packages?

Eligibility for Home Care Packages is based on your care needs and will be determined in a meeting between you and an assessor from the My Aged Care Assessment Team.

To be eligible you must be:

- ✦ 65 years or older (50 years or older for Aboriginal or Torres Strait Islander people) and need services to remain at home, or
- ✦ 50 years or older (45 years or older for Aboriginal and Torres Strait Islander people) on a low income, homeless or at risk of being homeless or have care needs not met through other specialist services

Your financial situation won't affect your eligibility. However, it may change the amount you need to contribute to your package.

Income Assessment

Depending on your circumstances, you may also need to pay an income-tested care fee as a contribution towards the cost of your care.

Unless you are a full Pensioner, you will be asked to pay this fee. For most people the income assessment is done by Services Australia. However, if you receive a means-tested payment from the Department of Veterans' Affairs (DVA), your assessment will be done by DVA.

They will assess your income and notify you and your provider how much you need to pay. Providers cannot waive or discount this fee.

A Closer Look at Pricing

Mary lives alone in her apartment and has a Level 3 Home Care Package. Income tested care fees do not apply to Mary and she does not require any additional supplements.

Mary's Level 3 subsidised package value totals \$40,905.55, which equates to \$112.07 per day.

The following demonstrates Mary's HCP breakdown on a weekly basis.

Mary's Level 3 HCP Weekly Fees

784.49	Government Subsidy
- 101.98	Care Management Fee
- 94.14	Package Management Fee
<hr/>	
\$588.37	Weekly amount left in her package to pay for services or products

With this balance, Mary can expect to receive 6-7 hours of care per week.

For an accurate estimate of your pricing, please contact Leora so we can discuss your specific circumstances.

A higher HCP level means a higher subsidy and more hours of care for you. If you are on a Level 1-3 HCP, your Leora Care Manager can work with you to apply for a reassessment so you can receive a higher subsidy and more hours of care.

The hourly rate is only one aspect of the cost of services; if you see a provider charging a low hourly rate, they may be charging high care management fees, resulting in a more expensive service. For example, please see the comparison price guide below:

	Provider X	Provider Y	Provider Z	Leora
Support Worker Weekday 6am-8pm Rate	86	85.7	75.7	78.57
Transport	1.21	1.4	1.3	1.20

L2	118	130.7	138.6	93.72
L3	256	231.1	301.56	203.96
L4	389	338.3	457.1	309.22

You can change providers at any time, and your current provider must support you.

Providers are not allowed to charge an exit fee if you decide to terminate their care, even if you have agreed to this fee previously.

If you want to switch to Leora:

Step 1 Call My Aged Care on 1800 200 422 and request to reactivate your referral code.

Step 2 Provide your code to Leora.

Step 3 Inform your current provider and agree on an end date.

Step 4 Enter into a new Home Care Agreement.

The start date with Leora must be on or after the end date you have agreed to with your old provider. This is to ensure there are no disruptions to your services.

If you want to delay your start date, remember that you only have 56 days from the end date with your current provider to enter into a new agreement. Otherwise, your HCP will be withdrawn.
